LUTTERWORTH

MUNICIPAL BUILDING

TENDER \$12,268

Lutterworth council accepted the tender of Minden builder Mark McKay at a council meeting held in the Lutterworth Central School on March 4th to erect municipal building.

The tender, \$12,268 was the lowest of two with the other from Harvey and Locke of \$12,894.98. The building is to be next to the Lutterworth School on Highway 35. The acceptance of the tender is subject to approval by the Ontario Municipal Board.

COTTAGE PROWLERS

Prowlers have been around the cottage area in the north country OPP Corp. Jack Eastwood reports. He says a Toronto resident called the detachment on Sunday to report his cottage on Kabakwa Lake, 18 miles north of the town had been broken into.

Police found 14 other cottages in the area had been entered.

Losses have not yet been estimated said Corporal Eastwood and Constable Earl Bush has been detailed to make a thorough investigation. Actual damage to the cottages was very small said the corporal.

Zone Commander Ian Scott of Lindsay was one of the officials present at the Zone F-4 conference held in the new Legion Hall in Haliburton last Sunday.

HOME TO BOOST MINDEN'S ECONOMY

The announcement by the Department of Welfare last week that the Senior Citizens Home will be situated in Minden will give Minden's economy a shot in the arm. It is expected that after a couple of years the building has been built there will be from 50 to 60 people residing in the \$400,000 home.

While construction of the building is taking place, and after it is built there will be increased spending in the town. There will also be a number of permanent staff employed at the Home. The site in the town will be chosen from one of two different locations.

LOUELLA YEARWOOD WINS BONSPIEL

Louella Yearwood skipped her mixed team to victory at a local bonspiel held on Saturday, Mar. 14 in the Minden curling rink. All the teams were skipped by the ladies in the inter-club match. First prize went to Louella and Cec Yearwood, Ina and Perc Brintnell; second prize to Bessie and Buzz Goden, Betty and Jack Eastwood; and third prize to the team of Irene and Alton Duncan; Harry and Marg Garner.

THE WEATHER

By Phil Graham

Weather for first half of March: High, 47 Mar. 4; low, —4 Mar. 11; snowfall, five inches, Mar. 8; rainfall .61 total 1.11; snow on ground Mar. 15, 8" in bush, 0" in fields. Snow on ground Mar. 15, 1963, 24 inches. Coldest for period last year, 20 below on Mar. 1. Warmest period last year 40 on Mar. 5.

Firemen - Council Agree

At an emergency meeting held between the Minden Volunteer Fire Department and Minden Council in the Registry Building on March 16th, the wage dispute between the council and firemen was settled. Both sides gave concessions on what was asked by the Fire Department and what was offered by the council.

There was only one week left to settle the dispute in the waiting period that firemen had given council and then the men were going to end their services to the municipality. The fire department is also in charge of the ambulance and this service was also going to be interrupted.

The schedule that was adopted will give

The schedule that was adopted will give the Fire Chief \$200 per year plus \$2.00 an hour at a fire. The deputy-chief will receive \$100.00 per year, the captains \$25.00 a year. Everyone on the department will receive \$2.00 an hour at a fire except for the first hour when double wages will be given to compensate for cleaning clothes and mileage that the men get on their cars. Each man will be given \$1.50 an hour at practices.

During the meeting Reeve Lawrence Pritchard said, "We Mark Vasey added, "Yes we want to agree amiably with the want to co-operate with the fire department." Deputy-Reeve fire department." The wage demand was part of the plan to improve the efficiency of the department.

MINDEN

Earl T. Monahan, public relations director of Cargo-Imperial Freight Lines, Rochester, N.Y. spends his vacations in Ontario. Back home he then writes articles boosting the province. Mr. Monahan particularly likes to boost the Haliburton Highlands, and on his return here for his 18th visit in 13 years he is to receive the only honorary membership card ever issued by the Highlands of Haliburton Chamber of Commerce for his many stories and actions encouraging United States citizens to vacation in this province.

AROUND THE SQUARE

Ah! Spring is back and so are the many household chores that come with it. At this time of year man becomes a jelly fish creature that must cater to his spouse's every whim and try to soft pedal her urge to rehabilitate and re-arrange anything and everything about the house.

This is the time of the year that the feminine sex exert their authority and take command of the males. The two items usually on top of the agenda are shifting the many different pieces of furniture back and forth around the house and cleaning windows stained from the winter months. If ever there is a time during the year that man should arise and squash his partner's demanding nature

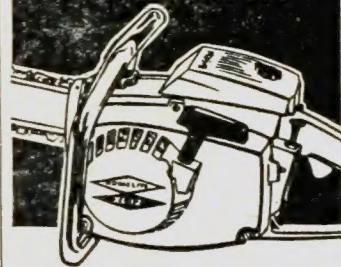

then it's now. After all — it's spring.

Things are starting to boom around the town with an unusual amount of renovations and building either taking place or about to. Two of the major projects underway are the municipal building and Ken Curry's smart new 5 cent to \$1 store. Both are quite elaborate with the variety store promising to be the brightest, most modern store north of Peterborough.

The largest construction takes place later in the year. It will be the Senior Citizen's Home, although there are a number of smaller projects that will be built in various parts of the town in the next couple of months.

WARP and WOOF

It's like this pal — The firstsword steel. The swords have day of spring and the firstbeen made into ploughshares spring day — the difference between them is sometimes as great as a month. You and your boozey Gremlins!

We hope that your St. Patrick's Day was a foine one. An old Irish saying is: "Good Living is a state of mind". Of course, you all know that St. Patrick was a Christian missionary in Ireland in the fifth century, and he founded many schools and churches. The Shamrock symbol comes from the use of the three parts of the leaf to explain the Trinity. St. Patrick, the patron saint of every Irishman, was not a native born son, but was born in either England, Scotland, Wales or France . . . of course, we prefer to think he was born in Scotland, so we could be wearing a wee bit of green on the Day.

Our Weather Report . . .

The snow is almost all gone . . . just a few patches here and there on the hillsides and in the ridges. The sky is clear blue, the sun shining and fluffy white clouds, being hurried along by the high wind, are no doubt going to gather in one place and get set for a snow storm. There are a few birds around in the trees, clinging to the wind-tossed branches, and nont doing much rejoicing. Those rascals, the black squirrels are flying wildly about doing their spring gymnastics. The children know that spring is near . . . the tricycles are out, the ditch waders are on the job, seeing how far the water will come up on their rubber boots . . . whoops! . . . right over the top! Two small types are on the porch with a pail of earth, which they are scrubbing on the porch, and on themselves, and another smaller type is sitting happily right in the mud by the road . . . and that light blue snow suit! Mother? Where art thou Mother?

Hope "Cross Over the Bridge" was a success, but we were looking for something more startling! Interesting to know where the old railroad tracks went to . . . Imagine, to make razor blades. Expect this is the brand of blades advertised as being made out of

long since. Maybe, with the state the world is in, the ploughshares will be made back into swords. Fencing, anyone?

Education Week . . .

The following short fable was constructed to include 15 words given in a spelling test in three Ontario High Schools. The words have been printed in some of the more ridiculous forms in which they appeared . . . Only eight per cent of the 832 stuents in Grades 9 to 13 tested were able to spell all 15 words in the test correctly.

Once upon a time, a quick red fox set his topnot at a RAKEOUSH angle and tried to catch an even quicker STORLK. But the PLUNKEE STORLK sent the fox YOBBLING away by BOMBARDING his nose with a series of quick pecks and with a kick in the GORN. Now the fox, whose hunger was increased when he got a WEAPL of the bird, wasn't to be QUWELLED and a brisk SCUFFEL ensued. But the STORLK, pecking away like a plectrum on a ZISSER, beat off his assailant again. The frustrated fox, its nerves TWAGNING, tried to put a HECKS on the STORLK. But the STORLK, being a foxy bird, REFRUITED all overtures to come to dinner and CEDED the fox for being unable to catch him in the animal's natural element. Between the STORLK'S CEDING and the pangs of hunger, by JUAVE, the fox suffered a nervous breakdown on the spet and the cool STORLK lived happily and unmolested thereafter!

Illuminatngi figures on women drivers: There are over 2½ million licenced drivers in Ontario, of whom nearly one third are women. Out of 180,00 drivers involved in reported accidents in 1963, only one in nine was a woman driver. How about that, men? Some figures concerning women might lie, but not these!

Here's an interesting piece of information. Toothbrushing has been going on ever since nomadic people back in the 4th

century first rubbed their teeth with a twig from the misswak, a wild bush which contained baking soda . . . and here we are today still brushing our teeth with baking soda.

From the Pretty Girls Club (1911) — Neck Bleach

One ounce strained honey, one teaspoonful lemon juice, six drops of oil of bitter almonds, whites of two eggs, enough fine oatmeal to make a fine paste. Spread this thickly on a piece of cotton cloth, three inches in width, and tie as a bandage around the throat. Four or five applications should bleach neck to satin whiteness . . . Cautious oil of bitter almonds poison . . . do not use if neck pimply or broken . . . by all means don't use if your neck is broken!

Advice to lovelorn: If you are engaged to Gilbert, I guess it is all right for him to giss you once when he says goodbye . . . yes, that must have been 1911.

CURRIED PORK

Brown pound and a half of thinly-sliced lean pork in one tbs. fat. Peel, dice three apples, one chopped onion, add to pork and fry lightly. Add: 3 tbs. flour, 2 to 2½ teasp. curry powder, ¼ teasp. ginger, ¼ teasp. garlic salt. Three cups consomme, 1½ teasp. lemon juice . . . cover and simmer 35 minutes.

From the Round-Up of Christian News.

Officials in the eastern sector of Berlin have classified all professing Christians as "second class" citizens.

A professad atheist, Mrs. Madalyn Murry, whose suit in U.S. Supreme Court ruler out prayer and Bible in schools, has filed another suit in Superior Court challenging tax exemption of church-owned property.

Teens favor hard discipline, according to a nation wide survey of 1000 young people. And not only did they favor it, but the majority also plan to spank their own children in due time.

A bright and happy Easter to all! Did you know the word EASTER comes from the Anglo-Saxon name of the goddess of spring, Oestre — hence our greatest Christian holiday is named from a pagan goddess.

LISTINGS WANTED

An exceptional adoption opportunity

Here are three brothers and a sister, adoptable by a suitable married couple looking for a family of four. MAVIS is 13 years old with normal intelligence, in Grade 6 in school, a quiet, shy, polite girl. ANGUS age 10, appears friendly and active with a responsible and serious manner. LEO is 8, in Grade 2, a happy, outgoing lad and very active. SPENCER, at 6 years old, is in Grade 1 and has the same lively, friendly attitudes of his brothers.

The three boys are very good looking and most attractive, making friends easily. Mavis is quieter, more reserved and adult but thoroughly nice. These four children hope for warm, understanding parents (Protestant in religion) who can enjoy a daughter and three sons.

If you can offer these children a permanent home, please write to:

AMALGAMATION — HOW SOON?

Recently the Townships of Anson, Hindon and Minden asked both Lutterworth and Snowdon Townships if they would like to meet with the Minden council and discuss the possibility of amalgamating the townships. Both townships emphatically turned down the request, however, it is not known how many ratepayers in each township would be in favor since the negative decision was registered by the municipal representatives and not by the people themselves.

At the 70th annual convention of the Ontario Good Roads Association it was suggested by a panel of experts that townships should unite to provide the ratepayers with better services in both roads and municipal operations. In small townships, full time clerks, assessors and road superintendents could be employed instead of the part time workers that most small municipalities employ. Two arguments prevail. Those in favour of amalgamation stress the fact that, if the operation of two or three townships are combined, then the streamlined operation of the townships would offer more for the tax dollar. Those against the move maintain that some portions of the townships could be ignored as far as improvement goes since the area with the largest population could control the vote, and also the election of the municipal officers. In all probability within the next decade some townships will unite with their neighbours and perhaps it could happen that a friendly shove by the provincial government will hasten the procedure.

Opportunities to adopt children

VAN is a boy who needs parents and a home. He is a healthy nine year old, Anglo Saxon in descent, good looking, well built with brown eyes and hair. His religion is Protestant. This lad is uncertain and insecure, but very responsive to affection. Van wants older brothers and sisters if possible but, above all, understanding, loving parents.

GRACE also needs a mother and father. She is a pretty child with blue eyes and fair hair, of Scottish Canadian origin. Grace appears brighter than most three year olds, is fairly easy going but wilful and dearly loved by all. She is a bit spoiled and will need careful handling, but her beguiling charm is always in evidence. This little girl is available for adoption to Roman Catholic parents.

If you can offer either Van or Grace a permanent home, please write to:

SCOUTING CORNER

With Bill Payne

A church parade was held last Sunday starting at the post office and ending at St. Paul's Anglican Church.

This was a special service conducted especially for the Minden Scout movement and their parents. There was a wonderful turnout and very few seats were empty in the church. A wonderful sermon by Rev. C. Dymond regarding pitching tents delighted the boys, who were surprised to hear the advice given by Isaiah in Chapter 54, verse 2, where it states: "Enlarge the place of thy tent, and let them stretch forth the curtains of thine habitations: spare not, lengthen thy cords, and strengthen thy stakes." John Morgan and Larry Burk aided by reading from the scriptures, while John Fleming and Bruce Rockery presented the offering. Rev. Dymond's experience in scouting consist of being a Queen Scout with a great number of badges. Later on he became a Scoutmaster and held this post for three years.

CUBBING

The sixers have had two sixers councils lately and have been progressing very well with their second star work. We hope to have the sixers become second star cubs before we go to camp on June 20th of this year.

Three new chums have started to cubs, Ronnie Earle, Tom Elder and Kim Hewitt. We welcome you fellows and hope to see you progress through your star work with interest.

Unfortunately, we have not been able to have a hockey game with the Haliburton pack because of ice conditions, or should I say because of the condition of the ice. In the last column I reported that a game was held with Haliburton, but I'm afraid I jumped the gun in second guessing another nature.

On April 11, the sixers will be having a week-end camp preparing them for the large camp in June. Warren Payne and Rocky Crawford have been appointed Seconds on a probationary basis.

DEER WINTER WELL

Minden Progress reporter goes on aerial deer survey with Department of Lands and Forests

Alan R. Capon boards Beaver aircraft of Lands and Forests at Halls Lake.

Occupants of plane get off at Paul's Lake in Anson Township to inspect deer yard.

Highway 35 at Hall's Lake seen from the air.

Press representatives from the Minden Progress, Lindsay Daily Post, Warde and Peterborough Examiner accompanied officers of the Lindsay district, Department of Lands and Forests in an aerial survey of the deer yards projects in Anson Township last week. The Fish and Wildlife branch and the timber department co-operated in the project.

An inspection was made of the current deer yard project in Anson Township, a few miles in from Highway 35 at Hall's Lake with management forester James Waddell.

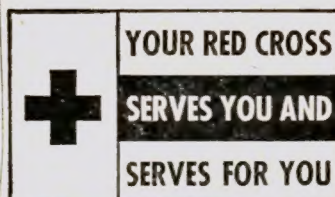

The accumulated snow depth this year is low, due to frequent thaws and deer have ease of travel. Biologist Ken Irizawa said the deer find travel difficult when the snow exceeds 24" in depth and then they tend to confine themselves to the sheltered deer yards.

The deer yard completed last year and the one just completed are pilot projects to provide information to the department on an operational basis. Results of the project are being watched very closely.

E. F. (Pud) Johnston, Lands and Forests Timber Supervisor said these deer yards would have been a godsend to the deer during the bad winters of '58-'59 and 1960. Senior Conservation Officer Wallace Swansen told the newsmen he had noticed a significant shortage of 1½ and 2½ year old deer during recent surveys due to severe weather conditions in those years.

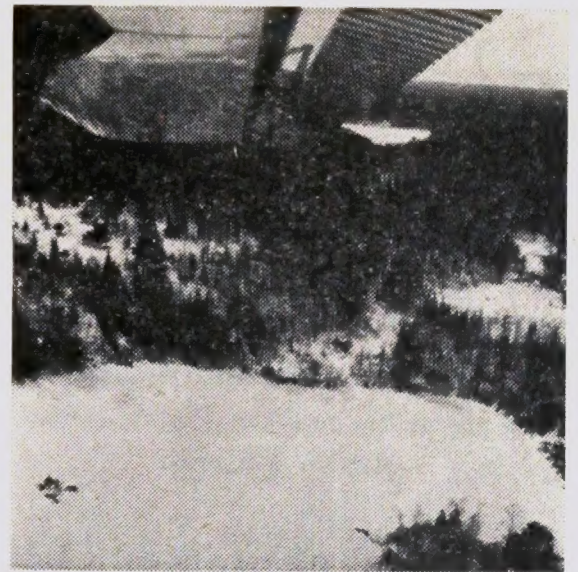

An inspection of the deer yard near Paul's Lake, created by the department last year showed the deer are taking advantage of the browse created. Large numbers of deer tracks were seen and deer were spotted from the air.

The party travelled in a Beaver aircraft piloted by 'Yerky' Fiskur, superintendent of Algonquin Park.

Opportunities to adopt children

JEANETTE is a nine year old girl looking for new parents through adoption. She is French speaking, Roman Catholic, with brown eyes and hair, a fair clear complexion, fine features, very pretty and attractive. Jeanette is doing well in Grade 3 in school, and is a shy but friendly girl who would feel most at home with bilingual parents.

JACK is a happy, 13 month old baby who deserves a good mother and father. He has blue eyes and fair hair and is Canadian in background. Jack is a healthy boy, but since birth a slight paralysis around his lips has been noticeable, especially when he smiles and laughs. This condition has improved and may improve further. Little Jack would be adoptable by suitable parents who are Protestants.

If you can offer Jeanette or Jack a permanent family home, please write to:

LIFE WITH A PURPOSE

There is no doubt that there is an element in our modern society which is sick. This element might be called meaninglessness. It is reflected in the vulgar and all too frequent expression: "I couldn't care less".

It's so easy to give up caring about anything because it's the simplest way to get rid of all problems. Problems don't exist when you don't care. Is world peace in danger? Does some lonely person need companionship? Is someone in the world starving? "I couldn't care less".

Yet, being busy is no evidence of meaningfulness. The day-to-day jangling of the telephone, speeding to keep all appointments, racing to different places after a hastily eaten meal or becoming a consumer of spectacles in front of the television set still seems to amount to a great big nothing, and it's all so exhausting too.

Wherein, then, does the meaningful life lie?

Hundreds of thousands of Canadians have found a more meaningful life in serving the Red Cross. Volunteer men, women and young people have discovered that working for the health and welfare of the needy at home and abroad has given their lives a greater meaning, a greater purpose. They have discovered what it means to care.

Blood donors, hospital visitors, disaster workers, volunteers of the Red Cross Women's Work Committee and the Canadian Red Cross Corps, volunteers in Water Safety and the Canadian Junior Red Cross to mention a few, all find a more rewarding and purposeful life because they care about serving their fellow men through voluntary service.

March is Red Cross Month in Canada. Volunteers need your financial help to carry on the work of the Red Cross. Give them your whole-hearted support when the volunteer canvasser calls at your door.

GREYSTONE PRESS - Minden and Fenelon Falls

W. A. KAYE COLLECTION

OF ANTIQUES SHOWN

Possibly the largest grouping of antiques, old coins and personal mementoes in Haliburton County were on view in Donald on Mar. 8. The collection is owned by W. A. Kaye who has gathered over 400 pieces during his lifetime.

Included in his collection is his father's wedding suit and shirt that was made by Woodhouse Tailors in Bracebridge in 1894, and also a writing secretary that was brought from Ireland by his maternal grandfather sometime before 1850.

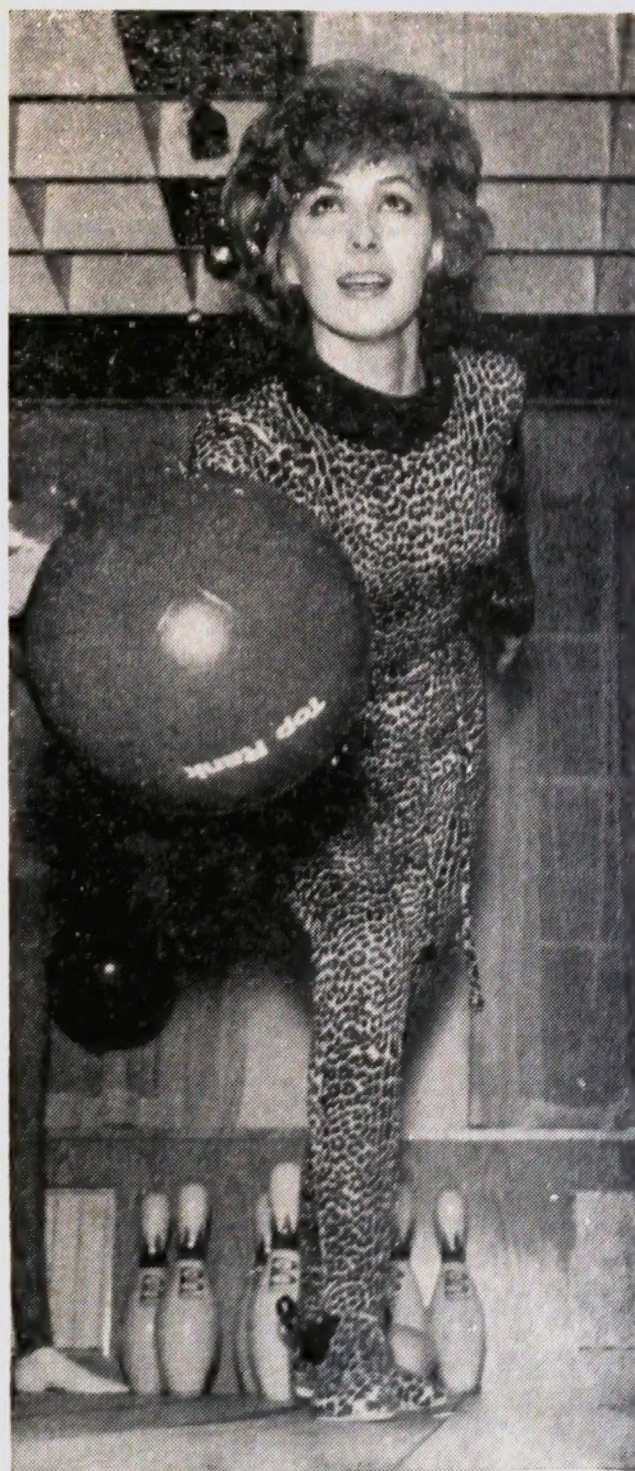

Also present is a book given to his mother in 1860 by her teacher. The collection has a large range of different items in it including guns, saws, clocks, sleigh bells, old phones, butter churns, spinning wheels, wooden planes and many other articles too numerous to mention.

Recently Mr. Kaye purchased an organ with a transposing keyboard in a striking walnut finish and too long ago he discovered a page from an 1891 Toronto Evening Telegram stuffed behind a painting for padding.

While Mr. Kaye explained the use of many of the different items to the visitors the older folk reminisced back to the days when such articles were common. Some of the items came from local residents in different areas of the county. In addressing the group Mr. Kaye said, "I would donate the land either near my home in Haliburton or beside the factory in Donald for a museum. I would also loan my complete collection to the organization. We are losing all our mementoes of yesterday and even now the youngsters of these days don't know what some of these pieces are."

MAKE STOP SIGN LEGAL

Minden council passed a by-law at a council meeting on Mar. 11 in the Registry building, to cover the stop sign at the south end of the Sunnybrook bridge in Minden. The sign that had been erected a few years ago must be approved by the Department of Transport before it is legal.

BOWLING BELLE — Jackie Perrin has her eyes on the target as she tries out "Pussy Cat", an outfit designed specially for tenpin bowling by British designer Teddy Tinling, well known for his unusual tennis styles. Jackie's outfit is fashioned in 'Crimp' jersey, and according to Mr. Tinling has been styled to combine flattery with functional practicability.

SPORTS

WITH BOB BEENEY

Steve Rastall, local innkeeper, rounded up a group of sports minded merchants who donated a couple of "skins" each and bought a trophy for the champions in the peewee class of competition in the Minden Minor Hockey Association. The trophy will be known as the Minden Merchants Trophy and was won this year by Andy McKenzie's team. The minor hockey association had an excellent year for the first attempt at organized minor hockey but next year it seems that it would be feasible to include a couple of atom teams to make the squirt class more even. Some of the youngsters in the squirt class were just six years old and they were competing with other children right up to nine years of age. The difference of ages wasn't good for either the youngest or oldest children in the squirt class since the competition was uneven. However, a couple of atom teams would probably remedy the situation. In the next few years it would seem that the possibility of Rotary Hockey and the Minden Minor Hockey Association combining into one organization could arise. Actually it would be a good move because minor hockey would then be under one executive and no doubt better results would be achieved.

The Minden Monarchs look like they could have a better than average chance to win the Intermediate "C" silverware this year. A severe blow to their opportunity was the injury of Phil Watson when he broke his leg in a game against the Sundridge Beavers and will be lost to the club for the rest of the season. However, the Monarchs are still coming up with winning games and look like they have the goods to go all the way. The round robin series between Minden, Sundridge and Huntsville has been very even and in some of the games there has been only one goal between victory and defeat. Due to the mild weather and the soft ice situation in the Minden arena the home clubs are playing their games out of town.

A few years ago some citizens from Minden and Haliburton got together to discuss the possibility of building a community centre that would include curling and hockey facilities with artificial ice somewhere in a central position in the county. However, this idea seems more remote now than ever before especially since Minden have committed themselves to a plan that will eventually turn their present arena into a sports centre and Haliburton are to replace their present arena with a more modern type building. A county wide set up would have eased the high cost of recreational facilities by eliminating costly community centres in each municipality. This would have been an ideal time to start such a project since it would fall into the centennial program under which the government supplies a portion of the cost. Floyd Hall in Minden has been a booster of this type of project for a number of years.

MINOR HOCKEY

With BILL PAYNE

The final day of minor hockey ended with thrilling hockey. In the first squirt game, Bush's team down Jackson Burners 3-0 which did not indicate the true picture of the game. Bush's boys were flying and it was the excellent goal tending of Warren Payne for Jackson's that kept the score in the low figures.

In the second game, it looked for awhile like Campbell's Comets were going to create the biggest upset of the season. They were leading 1-0 at the end of the first period and holding their own at the end of the second. The third period showed that strength on the bench pays off when Miscio's Mighties came on with the heavies to win 6-1. It was a tremendous game Don and if you had a little strength on the bench that day, the story might have been different.

The third game of the day saw MacKenzie's "Beatles" defeat Burk's "Boxers" by a score of 7-1.

The final game of the day was the playoff between Bush and Miscio. Bush pulled a Punch Imlach and had his boys tie up Lee Bull so he couldn't score. This strategy gave Bush's boys the edge and when Bob Arbuthnot, Wayne Johnson or Allen Bush scored, Bush would take them off the lines and put them on defence where they played an equally fine game. The game ended lopsided with Bush's team winning with a score of 7-0 to take the honors.

Reeve Lawrence Pritchard presented a trophy donated by the Minden Merchants to Wayne Johntson, captain of the squirt division winners, Bush's Bushwhackers.

The peewee trophy donated by Pioneer Chain Saw representative Alvin S. Cooper, was presented to Raymond Rivers, captain of the MacKenzie team, by Bill Payne, minor hockey secretary.

A function will be held in the near future to present crests to the boys and a presentation of the Most Valuable Player trophy for three years, to Mike Jackson, along with Dave Austen and Ron Cummings being given the honors for last year and this. This trophy is a large silver cup donated some years ago by Steve Rastall of the Dominion Hotel.

AL COOPER NEW PRESIDENT

Al Cooper was elected president of Haliburton branch of the Royal Canadian Legion recently at the first meeting held in the new building, which is fast nearing completion. First vice president is Oscar Yarnold, second vice president Phil Graham and a third vice president has yet to be elected.

Other election results were: Recording secretary Vance English, treasurer Harold Douglas, and executive committee: Richard Clarke, Russell Pritchard, Dougal McEachern, H. E. Good, Earl Casey and John Ferguson.

Ross Anderson is the immediate past president of the branch. Appointed secretary-manager of the new building was Marshal Leighton and Steward Wally Chambers. George Brennen is the deputy zone commander.

Representatives from Legions at Brechin, Woodbridge, Cannington, Beaverton, Ome-mee, Lindsay, Kinmount, Cobocok and Fenelon Falls were present for the Zone F-4 rally at Haliburton on Sunday, March 15th.

The official opening ceremony of the branches new building will take place in the near future on a date to be announced. This is expected to be in April.

The next membership meeting will be on Friday, April 3th at 8 p.m.

News and Views

from the Minister's Study

The beloved pastor-preacher, Phillips Brooks got close to the core of the Easter message when he said more than a century ago: "The great Easter truth is not that we are to live newly after death — that is not the great thing — but that we are to be new here and now by the power of the resurrection; not so much that we are to live forever as that we are too, and may, live nobly now because we are to forever." That Christ rose from the dead, the churches' proclamation of this truth in the many services of Holy Week will all be in vain unless men and women and young people are helped to live a better life, here and now, by the power of the resurrection. May each of you discover anew this Easter something of that power in the services of your church.

Palm Sunday will be observed at all services of the Minden - Carnarvon Pastoral charge, when the message will be "The Cross and The Crown", linking together the triumphs and tragedies of Holy Week and seeking their meaning for the life of the church to day. At Minden the newly elected elders will be ordained to their office. These include Mrs. Gerald Finlay, Messrs. Donal Berry, Earl Palmer, Mark Vasey and Loyne Cox. As well as being the policy making body for the congregation, the elders are entrusted to share with the minister the spiritual care of the congregation. At Carnarvon the service will be marked by the presence of the Fellowship Group of the U.C.W., together with their husbands and families, followed by a supper in the Christian Education Building. At Maple Lake the service will be brightened by the music of a new Lowry organ, a memorial gift from Mrs. S. R. Brennan of Ridgeville which will be dedicated on Easter Sunday.

GOOD FRIDAY SERVICES

Maple Lake ----- 11 a.m.
Minden ----- 7 p.m.
Carnarvon ----- 8.30 p.m.

On Easter Sunday, the Sacrament of Holy Communion will be celebrated at all of the churches of the charge, a great reminder that we follow a risen, ever - present Lord. At each service there will be a reception of new members making their profession of faith in Jesus Christ and His church.

On Sunday afternoon and evening of this past Sunday a Church School Worker's Conference for the northern section of the Lindsay Presbytery was held in Minden United Church. Almost sixty Sunday school superintendents, teachers and other interested folk gathered from Coboconk, Haliburton and Minden - Carnarvon charges to be introduced to the new Sunday School Curriculum and materials produced by the United Church. The conference, under the leadership of the Rev. Kenneth Purdon of Cambridge Street United Church in Lindsay, was enthusiastically received. The new Sunday school courses have been very carefully and well prepared, using the best educational methods to train our children and youth in the Bible and its message.

There have been some questioning whether there is to be another "Festival of Missions" this spring. Some consideration had been given to the matter but a shortage of men and women who were home or furlough from overseas fields made it seem wiser to leave the festival until this autumn when there will be a better opportunity of securing men and women to tell the story of the church in the world from first hand experience.

Ministers often find themselves faced with decisions about what are the most important demands upon their time. One of our acquaintances decided that he would let his official board settle the matter and gave them a questionnaire form listing all of the different sorts of work that he was called upon to do. He asked them to fill in the number of hours per week he ought to

spend on these various duties. When the results were tabulated he discovered himself with a work schedule of one hundred and fifty-nine hours each week. Something of the dilemma can be seen from the following article, entitled "The Preacher".

"If he's young, he lacks experience; if his hair is gray he's too old.

If he has five or six children, he has too many; if he has none, he isn't setting a good example.

If his wife sings in the choir, she's being forward; if not, she's not interested in her husband's work.

If he speaks from notes, he has canned sermons and is dry; if he is extemporaneous, he's too deep.

If he spends too much time in his study, he neglects his people; if he visits he's a gad-about.

If he suggests improvements, he's a dictator; if he doesn't he's a figurehead.

If he uses too many illustrations he neglects the Bible; if not enough, he's not clear.

If he condemns wrong, he is cranky; if he doesn't he's a compromiser.

If he preaches an hour, he's windy; if less, he's lazy.

If he preaches the truth, he's offensive; if not, he's a hypocrite.

If he fails to please everyone, he's hurting the church; if he does please everyone, he has no convictions.

If he preaches tithing, he's a money - grabber; if he doesn't he's failing to develop his people.

If he receives a large salary he's mercenary; if a small salary it proves he's not worth much.

If he preaches all the time, the people get tired of hearing one man; if he invites guest preachers he's shirking his responsibilities.

And some folks think the preacher has an easy time."

A preacher who still loves his work anyway.

— David W. Staples.

NORLAND LIBRARY

BOARDS ASKS GRANT

A delegation from the Norland Library Board approached Lutterworth council for a grant to the Norland Library to help with the cost of an addition to the library. Decision on the grant was withheld until council could determine whether a library is to be included in the municipal building to be built this year.

CROWN ATTORNEY

ORDERS INQUEST

Crown Attorney Lorne Jordan has ordered an inquest into the death of Thomas Hampton, 79, of RR 2, Minden, who died Saturday, Mar. 7 following a two-car crash close to his home.

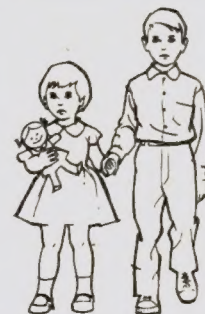

Mr. Hampton was a passenger in a car driven by Douglas Alcock of Scarboro which

was struck by one driven by Clifford Archer, 24, of RR 2, Minden. Mr. Hampton died a few hours after the accident, which occurred just below a hill.

Mrs. Alcock and another passenger, Mrs. Douglas Armstrong were injured as were Mr. Alcock and Mrs. Armstrong's daughter, Leslie. Archer, alone at the time of the accident, received minor injuries.

ADOPTION OPPORTUNITIES

Many fine happy children are in the care of Ontario's Children's Aid Societies. Boys and girls are available for adoption. They need new mothers and fathers who will accept them as their own.

FOR PROTESTANT FAMILIES

BRYCE is a clean cut and pleasant looking lad. The type of son to be proud of. He has hazel eyes, brown hair and a clear complexion. He had a heart ailment, but now can lead a normal life. He plays on a hockey team and is a keen sportsman. He is an excellent student and would like to be a lawyer. Bryce is in Grade 10 at 14 years of age. This boy wishes to belong to a family. If you are an older couple you would be most fortunate in becoming Bryce's parents.

NOREEN is a 15 months old Protestant baby with a relaxed, good-natured temperament. She is a bright and attractive baby with brown eyes and hair and some Negroid facial features, from her Canadian and coloured ancestry. Noreen likes other children and would fit into a warm-hearted family setting.

SARA is a petite well built Protestant girl with brown eyes and hair, and of nice appearance. She has good intelligence and is vivacious and outgoing. Her nationality is Greek and she is 12 years old. This girl needs warmth and attention from older Protestant parents. Are you the parents for this attractive 12 year old girl?

MARGOT is a Protestant Anglo-Saxon and Dutch girl of 2½ years. She is slight and dainty with blue eyes and curly brown hair. She has fine, even features and is very attractive looking. The pupil of one eye is slightly enlarged, but this does not affect her sight or detract from her appearance. Her intelligence is high and she is active, independent and temperamental. There is a history of mental illness in her background and the couple adopting this child must be aware of this.

FOR CATHOLIC FAMILIES

TOM is an active, alert baby of four months who is developing well. He has brown eyes and hair with an olive complexion. He is Anglo-Saxon and Peruvian Indian. This young Roman Catholic lad will need bright parents to keep up with him in the years ahead.

CORA has an attractive, slightly oriental appearance, and is a lovely Roman Catholic baby of 20 months. She is a happy, good-natured little girl with dark eyes and hair and a clear complexion. Very little is known about Cora's background, but she is developing at a good average rate.

ALFRED is a contented, happy Canadian Roman Catholic boy of 1½ years. He is a sensitive lad and would be unhappy with aggressive, noisy parents. Al is a healthy boy with good mental ability and an unassuming manner. He would like quiet, gentle parents.

TIMMY is a dear little, Roman Catholic Dutch boy of 16 months. He has brown eyes and hair and a round face with an alert expression. He is a bright boy interested in everything around him. Timmy would be happy to be adopted now.

Married couples, interested in adopting these or other children, ask your local Children's Aid Society, or write to:

MONARCHS DEFEAT HUNTSVILLE 7-3

Before a crowd of 400 fans at the Bobcaygeon arena on Tuesday, Mar. 17 the Minden Monarchs defeated the Huntsville Hawks by a score of 7-3. The win gave the Monarchs a commanding lead in the round robin series between Minden, Sundridge and Huntsville. The game was livened up by a couple of fights when the teams started to rough it up a bit. Neil Burke and George Nichols were the stars of the game when they each potted a couple of goals for the victorious Monarchs. Minden takes on Sundridge tonight in the Bobcaygeon arena.

GRAVENHURST SWAMPS MINDEN TEAMS

The Minden Minor Hockey Association played host to teams from Gravenhurst at the Minden Recreation Centre on Sat., Mar. 7. The visitors won the squirt game 3-0 in the first game while in the second the peewees played to a 0-0 tie.

Gravenhurst also won the pantam game by a score of 3-2 but the Minden midjets claimed the only home victory with an 11-3 win. The Minden team was bolstered by some juvenile players which explains the high score. The Gravenhurst teams were treated to a lunch by the Minden Minor Hockey Association.

OPEN HOUSE

A Night School Open House will be held at the Haliburton County District High School on Tuesday, March 24. There will be regular class instruction from 8 to 8:30 p.m. At 8:30 the students of night school and their friends will go to the auditorium for a short program, consisting of singing by the choral group under the direction of Mrs. Finney, a showing of slides made by the photography club under the leadership of Mr. Davies, and the two sewing classes and millinery class will be presenting a fashion show.

At the conclusion of the program those present may view the art of Mrs. Yarnold's class which will be displayed in the auditorium. Visitors may then view the displays in the various rooms. The evening will end with a social hour of refreshments served in the cafeteria by Mark Schell.

SOMETHING'S MISSING ! ! !

AND IT COULD BE WORTH \$1,000 TO YOU!

If you've received your C-I-L Masterpiece Puzzle Contest Entry Blank and haven't checked to see if you're a winner, why not do it this weekend. And while you're in the store, have a look at the exciting new 1964 Colors in C-I-L Paints—we think you'll find the one you've been looking for.
